---

My name is Leann Dossett and I work in mental health in the Terre Haute area. I want to express how important it is for this rezoning to happen and to create a new recovery home. Substance abuse in our community is tearing families apart and robbing children of their parents. These people need as much help as we could possibly give them. I do understand the concern of this neighborhood but a recovery home is not going to make criminal activity rise, not providing this service will make the criminal activity rise. We all need to come together as a community to help these people work to gain their lives back to be productive citizens.

Thank you  
Leann Dossett
