Subject: EXTERNAL -1930 S Center St - Rezoning

****External Email. - Think Before You Click**** --Help Desk _____

Council Members,

My name is Elizabeth Kleptz and I have property in Terre Haute - 6917 S Charles Place, 47802. I reside in Rockville - 807 Eastwood drive but work in Terre Haute. I would like to give my recommendation to approve the rezoning request for Magnolia Rose Aesthetics. With multiple businesses in the surrounding areas, it makes sense to bring even more beauty to this great town. As a business major I know the important of being competitive and wanting to make a path to encourage people to plant and keep their roots here. Magnolia Rose is not "just Botox", they want to invest in our community. They see the beauty in all things and want to bring new innovative ideas to an area that is lacking with these services. It makes business sense to have this type of business come in versus a house sitting and rotting and becoming an eye sore and hurting the value of Terre haute as a place for families to live and grow. I urge you to not allow this idea to be given to another county, bring the beauty and positivity to Terre Haute with approving the rezoning for Magnolia Rose.

Thank you,
Elizabeth
