Michelle -

My husband and I live on South Center Street adjacent to the 1930 South Center property. We are very much opposed to this property being rezoned for business purposes. We want our neighborhood to remain residential and are very concerned about parking. I am aware that a parking lot has been created behind this property but I have noticed that there has been an increased number of vehicles parking on the already crowded street.

Please forward our concerns to the City Council members.

Thank you!
