Dear Ms. Edwards,

I attended a recent council meeting where one of the council women asked for the Concerned Citizens Against Wabash Valley Resources to send her any research we have been reading. I would like to send her a web page that is very informative. I hope you can help me with this. The website is sehn.org. A Science and Energy Health Network. If I hope you can pass this on, maybe to all the council members. Several articles explaining Carbon Capture.

Thank You Very Much,
Debbie Watson
