Help Desk

Good Morning,
I was wondering if you could distribute this to the city council members.

I was interested in being the president of the Thrive Steering Committee. I have worked on the Thrive Committee in the past. I am the owner and manager of Century 21 Elite and I have worked in real estate for over 15 years. I am active in our THAAR Association and serve on the MLS board. I have up to date knowledge of the local market conditions and am passionate about the need for housing in our community. I also own my commercial building in downtown Terre Haute and am actively supporting the growth of our downtown.

I have served on many different Charitable organizations but most recently have partnered with Habitat for Humanity, Catholic Charities and Veterans Village. I give back to my community both personally and professionally.

I would be honored to represent the city and this committee to help support this initiative to solve our housing problem.

Kindly,
Natalie Green
