Paragraph Text*:	I have a concern about the tree's that are growing into home's. The tree's are planted on city property and when home's get destroyed by the tree's, its up to people to trim the tree's and thing's. Whether or not the tree's are dead the city need's to take responsibility for the tree's and have the trimmed to stop tearing up people's home's. The city expects us to keep the grass cut, yard's looking nice, and homes kept up. For the tree's, the city need's to help keeping them trimmed to keep from destroying home's. That's my honest opinion. Thank you.....
