CITY CLERK

Terre Haute Wastewater Utility Annual Report

Key Accomplishments

- Repairs to water main on Lafayette from Park Avenue lift station
- Repaired gravity main on U.S. 40 an Stop 19 in Seelyville
- Installed 2 new 10.1 HP pumps at 10 1/2 and Voorhees lift station
- Purchased machinery that will speed up manhole repair timelines by 80%
- Participated in community events such as Trunk or Treat, and community clean up

Collaborative Projects Opportunities for 2025

- Collaboration with the City of Terre Haute Mayor's Office to build a replica of City hall for JA Biztown and JA Finance Park
- Worked with the Fire, Parks, Street, Redevelopment, Code Enforcement and Cemetery Departments for assistance with projects including city wide clean up, road repairs, and graffiti removal
- Haute City Center Mall lift station upgrade. With this lift station replacement the city will be able to meet the needs of Haute City Center for many years to come.
- Park Ave. lift station upgrade – This upgrade will insure the citizens of North Terre Haute will continue to get the best possible service.
