Would you be able to forward this email to all Terre Haute City Council Members and Mayor Sakbun? I didn't know if there was still a logjam in sending to their individual emails.

I believe you all know by now that the majority of residents are not in favor of this outlandish proposal to absolutely forever ruin historic Ohio Boulevard and historic Deming Park. It is something we do not want and hopefully you are listening to your voters and constituents which is your job as elected officials. I also find it interesting that Greg Gibson, who will benefit the most financially, never makes his appearance at any of these meetings. He is represented by his surrogates who have yet to make a solid case that residents would endorse.

These 1970 lyrics from Joni Mitchell really sum up this situation quite accurately. The proposed construction of less than tasteful housing and the hideous and loud apartment complex are the antithesis of paradise which is there right now and something the entire Terre Haute community can enjoy and appreciate. Traffic, noise, congestion, years of construction, etc. are certainly sufficient reasons to vote NO on the above resolutions. Please do not squander this opportunity to do the right thing for Terre Haute. Keep it beautiful and preserve history!!

"They paved paradise and put up a parking lot
With a pink hotel, a boutique, and a swinging hot spot
That you don't know what you got 'til it's gone?
They paved paradise and put up a parking lot"

Sincerely,

Valeri Chapman
