RE: Ohio Boulevard Rezoning Petition

Mischelle,

Please forward to the members of the City Council, and anyone else who might be able to supply the requested information.

- 1) I would like to have a "To Scale" paper copy (hard copy) of the latest (please have it dated) proposed two-part subdivision layout as has been displayed on the monitors at the meetings. If a hard copy is not available please provide a Full Scale electronic copy (ACAD, or PDF, JPEG, GIF, TIF.)
- 2) Concerning the Apartment Complex; please provide the total number of units by bedroom size. (ie, How many 1-BR, How many 2-BR, How many 3-BR, How many 4-BR)
- 3) Concerning the Apartment Complex; How many garages (if any) per building?
- 4) Concerning the Single Family section; How wide is the alley that is parallel with Ohio Boulevard?
- 5) Are the Storm Basins "Detention Ponds", or Retention Ponds"?

I have more items needing clarification,

If provided a legible and scalable layout print, I can determine those items myself.

Sincerely,

Vince Little
