

TERRE HAUTE CITY COUNCIL STATE OF INDIANA RESOLUTION NO. 35, 2017

A Resolution of the Common Council of the City of Terre Haute, Indiana, Designating an Area Within Terre Haute, Indiana commonly identified as that area consisting of 300 North Fruitridge Avenue, Terre Haute, Indiana as an Economic Revitalization Area for the Purpose of a ten (10) year new manufacturing machinery and equipment tax abatement for Jadcore, LLC

WHEREAS, a Petition for a ten (10) year personal property tax abatement has been filed with the Common Council of the City of Terre Haute, Indiana requesting that the real property described therein be designated an Economic Revitalization Area for purposes of personal property tax abatement; and

WHEREAS, JADCORE, LLC. ("Petitioner") has submitted an Application and Statement of Benefits and provided all information and documentation necessary for the Common Council of the City of Terre Haute, Indiana to make an informed decision, said information including a legal description of the aforesaid property as set forth in attached **Exhibit A** (which is hereby made a part hereof); and a site plan; and

WHEREAS, Petitioner has estimated that its investment in the manufacturing equipment (the "Project") to be located at said real estate itself will create an estimated (4) new, full-time positions over the next 3 years after completion of the Project, as well as retain the existing 255 positions and the associated payroll for the employees of the proposed facility;

WHEREAS, the Common Council of the City of Terre Haute, Indiana is authorized under the provisions of I.C. 6-1.1-12.1-1 et. seq. to designate areas of the City of Terre Haute, Indiana as economic revitalization areas for the purpose of tax abatement; and

WHEREAS, the Common Council of the City of Terre Haute, Indiana has considered the Application, Petition and Statement of Benefits and has conducted a complete and proper investigation of the subject property and neighborhood to determine that the area qualifies as an economic revitalization area under Indiana statutes; and

WHEREAS, the Common Council of the City of Terre Haute, Indiana has found the subject property to be an area within the boundaries of the City of Terre Haute, Indiana, which area has become undesirable for, or impossible of, normal development and occupancy because of a lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings, or other factors which have impaired

values or prevent a normal development of property or use of property – as well as in an area described in I.C. 6-1-1-12-1-1(1)(A).

WHEREAS, the personal property abatement is a declining percentage of the increase in assessed value of the improvements based on the following time period and percentages as determined by the Common Council of the City of Terre Haute, Indiana:

		PROJECTED	PROJECTED
<u>ABATEMENT</u>		TAX	TAX
<u>YEAR</u>	ABATEMENT %	<u>ABATED</u>	PAYMENTS
1	100%	\$18,000	\$0
2	90%	\$16,200	\$1,800
3	80%	\$14,400	\$3,600
4	70%	\$12,600	\$5,400
5	60%	\$10,800	\$7,200
6	50%	\$9,000	\$9,000
7	40%	\$7,200	\$10,800

10	10%	\$1,800	\$16,200
	Tota	1 \$99,000	\$81,000

NOW, THEREFORE, IT IS FOUND, DETERMINED AND RESOLVED by the Common Council of the City of Terre Haute, Indiana that:

- 1. The Petitioner's estimate of the value of the new manufacturing equipment is reasonable for projects of that nature in order to maintain, expand update and improve the facility for the production of post-industrial plastic recycling by the Petitioner.
- 2. The Petitioner's estimate of the number of individuals who will be employed or whose employment will be retained, and the benefits realized thereby, can reasonably be expected to result from the Project.
- 3. The Petitioner's estimate of the annual salaries or wages of the individuals who will be employed or retained, and the benefits realized thereby, can reasonably be expected to result from the Project.
- 4. The totality of the benefits of the Project are sufficient to justify a ten (10) year property tax deduction from assessed valuation to result therefrom under Indiana statutes, and each and all of such deductions should be, and they are hereby allowed.
 - 5. The Petition for designating the subject property as an Economic Revitalization Area

for the purposes of a ten (10) year personal property tax abatement and the Statement of Benefits (copies of which were submitted with the Petition) are hereby approved and the real estate described hereinabove is hereby designated as an Economic Revitalization Area pursuant to I.C. 6-1.1-12.1-1 et. seq.

6. A copy of this Resolution, following its passage, shall be filed with the Vigo County Assessor as required by I.C. 6-1.1-12.1-2.5(c).

CITY OF TERRE HAUTE PETITION FOR PERSONAL PROPERTY TAX ABATEMENT CONSIDERATION

The undersigned owner of real property located within the City of Terre Haute hereby petitions the Common Council of the City of Terre Haute for personal property tax abatement consideration pursuant to I.C. 6-1.1-12.1-1, et seq. and for this Petition states the following:

- 1. The Project. Petitioner, Jadcore, LLC ("Jadcore") proposes to purchase new manufacturing equipment to be located at the property (the "Property") located at 300 North Fruitridge Avenue, Terre Haute, Indiana, consisting of:
- 1 -Pelletizing Line at the cost of One Million One Hundred Sixty Thousand Dollars (\$1,160,000.00);
- 1- Film & Fiber Shredding System at the cost of Two Hundred Eighty Five Thousand Dollars (\$285,000.00);
- 1- 100 Ton Chiller at the cost of Fifty Thousand Dollars (\$55,000);
- 1 -Downstream Support Equipment at the cost of Seventy Five Thousand Dollars (\$75,000.00);

Space modifications at the cost of Seventy Five Thousand Dollars (\$75,000.00);

Electrical work at the cost of Two Hundred Thousand Dollars (\$200,000.00);

Plumbing/Mechanical work at the cost of One Hundred Fifty-nine Thousand Dollars (\$159,000.00);

Rigging/Equipment placement at the cost of Seventy Thousand Dollars (\$70,000.00); and Steel Fabrication (steps, guardrails, platforms, etc.) at the cost of Forty Thousand Dollars (\$40,000.00)

Total personal property investment of Two Million One Hundred and Nineteen Thousand Dollars (\$2,119,000.00).

- 2. The project is important to the Petitioner as a means to expand its operations and update its physical facility for its post-industrial plastic recycling. The additional equipment to this facility will allow for the future growth of the company within its industry.
- 3. Currently, Jadcore's full-time employees earn an average wage of \$19.38 per hour. These employees also receive health insurance, pension plan, as well as disability and life insurance benefits.

In addition to assisting in retaining positions, this proposed project will allow the addition of 4 new full-time positions. It is projected that with the completion of this project the company will recruit and fill the new positions over the next two years following completion, which will result in anticipated new employee income of \$108,160 (\$27,040 x 4) added to the company payroll.

4. (a) The real property on which the project will be located is owned by the following:

Abatement schedules

Sec. 17. (a) A designating body may provide to a business that is established in or relocated to a revitalization area and that receives a deduction under section 4 or 4.5 of this chapter an abatement schedule based on the following factors:

- (1) The total amount of the taxpayer's investment in real and personal property.
- (2) The number of new full-time equivalent jobs created.
- (3) The average wage of the new employees compared to the state minimum wage.
- (4) The infrastructure requirements for the taxpayer's investment.
- (b) This subsection applies to a statement of benefits approved after June 30, 2013. A designating body shall establish an abatement schedule for each deduction allowed under this chapter. An abatement schedule must specify the percentage amount of the deduction for each year of the deduction. An abatement schedule may not exceed ten (10) years.
- (c) An abatement schedule approved for a particular taxpayer before July 1, 2013, remains in effect until the abatement schedule expires under the terms of the resolution approving the taxpayer's statement of benefits.

New Manufacturing Line for Jadcore's Plastic Recycling Division February 2018

Jadcore is one of the industry leaders in post-industrial plastic recycling. If abated, we will be increasing the efficiency of the Recycling Division with the purchase of a new scrap plastic pelletizing line. This line will increase our overall efficiency, as this line will add 1 material-handling employee per shift (4shifts). Pending abatement, this project will begin February 2018 with space modifications. Equipment will be delivered throughout the winter and the complete system is expected to be installed and running by summer 2018: This will be Jadcore's ninth pelletizing line in operation at the 300 North Fruitridge facility.

Eligibility

A. State reasons why the project site qualifies as an Economic Revitalization Area as defined under State Law, i.e., lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings or other factors that have impaired values or prevent a normal development of property or use of property. In the case of manufacturing equipment, also indicate whether or not the area contains a facility or group of facilities that are technologically, economically, or energy obsolete and if the obsolescence may lead to a decline in employment and tax revenues:

E. Project Completion Date: It is anticipated that the project will be completed by July 2018

The Property is the site of the former Quaker Maid production facility. Follwoing closure of that plant, the Property set idle for years. It was adjacent to the former Milwaukee Rallroad switchyard. With that concern's decline, the switchyard was closed, the rails were pulled, and the founders of Jadcore purchased the land from the trustee of the ultimate railroad owner. Again, no development occured for serveral years, leading to the area's physical decline, decreasing property tax assessed valuations, and downward spiralling property tax revenues. With the advent of Terre Haute becoming a hub for plastic film manufacturers, Jadcore's plastic recycling business began to gain traction. The proposed project will add to utilization of space within the building at the Property—space that is not presently utilized to capacity. The addition of another production line will boost that underutilization.

B. State the estimated number of new full-time employees (if applicable) and new employees retained (if applicable). Also include salaries and a description of employee benefits:

Ineligible Projects

Projects will not be considered if a building permit has already been obtained or construction has been initiated. This is because the decision of the Council to designate the Economic Revitalization Area must be passed on the finding that the area is "undesirable for normal development".

The City Council has the right to void the tax abatement designation awarded to a project if the project has not been initiated within twelve (12) months of the reconfirmation date of the tax abatement resolution, or if the actual use is different than that approved.

Tax abatement for the rehabilitation or development of real property is not eligible for the following types of facilities:

- 1. Private or commercial golf courses.
- 2. Country club.
- 3. Massage parlor.
- 4. Tennis club.
- 5. Skating facility (including roller skating, skateboarding or ice skating).
- 6. Racquet sport facility (including any handball or racquetball court).

- 11. Residential.
- 12. A package liquor store that holds a liquor dealer's permit under IC 7.1-3-10 or any other entity that is required to operate under a license issued under IC 7.1. This subdivision does not apply to an applicant that:
 - (A) was eligible for tax abatement under this chapter before July 1, 1995;
 - (B) is described in IC 7.1-5-7-11; or
 - (C) operates a facility under:
 - (i) a beer wholesaler's permit under IC 7.1-3-3;

CITY OF TERRE HAUTE

PROPERTY TAX ABATMENT PROGRAM OVERVIEW AND GUIDELINE SCORING SYSTEM

Program Description

Property tax abatement in Indiana is authorized under Indiana Code 6-1.1-12.1 in the form of deductions from assessed valuation. Any property owner in a locally-designated Economic Revitalization Area (ERA) who makes improvements to the real property or installs eligible new or used personal property (such as manufacturing equipment and certain research and development equipment) is eligible for property tax abatement. Land does not qualify for abatement.

Scoring System

The City of Terre Haute utilizes a scoring system as a guide for determining the appropriate length of time (one of ten time periods can be used) of the property tax abatement(s) being sought for a proposed project. Additional information on the scoring system can be found elsewhere in this document.

Indiana Real Property Assessment Standard

A property's assessed value is the basis for property taxes. Annually, local assessing officials assess the value of real property on March 1 based on market value in use of the property. Property owners can estimate the property taxes for new construction by adding the cost of the land and improvements together and multiplying by the tax rate. For real property tax abatement calculation purposes, the cost of the improvements (the land itself cannot be abated) would be utilized as the real property assessed value. This real property assessment value would then be phased-in over one of ten time periods.

Indiana Personal Property Assessment Standard

Personal property values are assessed March 1 of every year and are self reported by property owners to township assessors using prescribed state forms. Generally speaking, personal property taxes are levied against all tangible property other than real property. Numerous deductions can be applied to personal property. Of course, the value of personal property over time will be subject to depreciation, therefore, applicants are advised to seek the counsel of a financial advisor to determine which asset pool(s) (see following table) would be applicable to their particular project.

Additional information on the State of Indiana's property tax assessment system can be found at the Indiana Department of Local Government Finance website at www.in.gov/digf.

13				5%

Note: The total valuation of a taxpayer's assessable depreciable personal property in a single taxing district cannot be less than 30% of the adjusted cost of all such property of the taxpayer.

Real Property Abatement Calculation

Real property abatement is a declining percentage of the increase in assessed value of the improvement based on one of the ten following time periods and percentages as determined by the City Council:

	10 Year	r 9 Year	8 Year	7 Year	6 Year	5 Year	4 Year	3 Year	2 Year	1 Year

Depreciable Personal Property Abatement Calculation

Depreciable personal property tax abatement is a declining percentage of the assessed value of the newly installed manufacturing (and certain research/development and warehousing/distribution equipment), based upon one of the ten time periods and percentages as determined by the City Council:

	10 Year	9 Year	8 Year	7 Year	6 Year	5 Year	4 Year	3 Year	2 Year	1 Year

Project Eligibility Criteria

Decisions to designate areas as Economic Revitalization Areas are determined by the City Council. The City Council utilizes a numerical scoring system as a guide for designating areas as Economic Revitalization Areas within the corporate limits of the City of Terre Haute. Each project is scored on its individual merits. The points system that is utilized to evaluate projects considers the degree of revitalization that the project will have on the surrounding area as well as other facts such as employment (created and/or retained), investment, utilization of local construction firms and labor and so forth.

The following projects will be considered by the Terre Haute City Council for property tax abatement. The real property guideline project scoring criteria can be found in the section entitled "City of Terre Haute Real Property Tax Abatement Guideline Scoring Criteria" on page 8. For projects seeking personal property tax abatement, the "City of Terre Haute Personal Property Tax Abatement Guideline Scoring Criteria" can be found on page 10.

- (A.) Manufacturing Project Local manufacturing projects, local manufacturing-related office structures and local manufacturing-related warehouses that create or preserve employment within the city limits are eligible for property tax abatement. In the case of manufacturing facilities that directly produce product (as well as manufacturing related-warehouses), both real and depreciable personal property are eligible. In the case of manufacturing-related office structures, only real property is eligible for abatement. Also, certain research and development equipment may qualify for depreciable personal property tax abatement.
- (B.) Non-Manufacturing Warehouse and Distribution Center Projects Warehouses and distribution centers not related to a local manufacturing facility may be eligible for both real and depreciable personal property tax abatement. To be eligible for property tax abatement, the facility must substantially serve markets beyond the Terre Haute metropolitan area.
- (C.) Office Space Development Office space developments within the city limits are eligible for real property abatement provided the project substantially serves markets beyond the Terre metropolitan area.

(D.) Historic Preservation – Projects within the city limits that assist in the preservation of buildings of significant historical nature will be considered for real property abatement.

AGREEMENT

This Agreement (the "Agreement	ıt") dated as of the	day of	, 2017,
serves as a confirmation of the commitn	nent (the "Commitme	nt") of Jadcore,	LLC (the
"Applicant"), pending a/an	, 2017 public he	earing, to comply	with the project
description (and associated wage rates a	nd salaries) figures co	ontained in its des	signation
application, Statement of Benefits — Pe	rsonal Property, Reso	lution No. , 2	2017 and
attachments adopted by the Common Co	ouncil of the City of T	erre Haute, India	ına (the "Council")
on , 2017, and this A	greement.		•

Subject to the adoption of a Final Economic Revitalization Area Resolution by the Council, the City of Terre Haute, Indiana (the "City") commits to providing a ten (10) year personal property tax abatement for the Applicant's capital expenditure of approximately \$2,119,000 associated with installing new recycling equipment (the Project) described and approved as a part of the Commitment. The Project will allow for addition of four (4) new hourly full-time permanent positions (average wage rate of \$27,040 per year, excluding benefits and overtime) and retention of 241 full-time hourly positions (average wage rate of \$40.310 per year, excluding benefits and overtime). The capital expenditure for the Project and the creation of such positions shall occur within three years of the estimated completion date of July 1, 2018, contained in the approved Statement of Benefits Form Sb-1 (the "commitment Date").

During the term of the abatement, the City may annually request information from the Applicant concerning the status of the Project, the approved capital expenditure for the Project, the number of full-time permanent positions retained and newly created by the Project, and the average wage rates and salaries (including benefits & overtime) associated with the positions, and the Applicant shall endeavor to provide the City with adequate written evidence thereof within 15 days of such request (the "Annual Survey"). The applicant shall provide a copy of the annual CF-1 to the Board of Public Works and Safety (by filing same with the City Clerk) at the same time the CF-1 is filed with Vigo County. The City shall utilize this information to verify that the Applicant has complied with the commitments contained in the Commitment at all times after the Commitment Date and for the duration of the abatement. The Applicant further agrees to provide the City with such additional information requested by the City related to the information provided in the Annual Survey and the CF-1 form within a reasonable time following any such additional request.

The City, by and through its Common Council, reserves the right to terminate the Economic Revitalization Area designation and associated property tax abatement deductions if it determines that the Applicant has not made reasonable efforts to substantially comply with the Commitment, and the Applicant's failure to substantially comply with the Commitment was not due to factors beyond its control.

As used in this Agreement, "factors beyond the control of the Applicant" shall only include factors not reasonably foreseeable at the time of the designation application and submission of Statement of Benefits which are not caused by any act or omission of the Applicant and which materially and adversely affect the ability of the Applicant to substantially comply with this Agreement.

If the City terminates the Economic Revitalization Area designation and associated tax abatement deductions, it may require the Applicant to repay the City all or a portion of the tax abatement savings received through the date of such termination. The amount of tax abatement required to be repaid for each year of noncompliance shall not exceed an amount equal to the percentage by which the Applicant has failed to attain substantial compliance in position retention and/or creation and average hourly wage rate and salary categories multiplied by the dollar amount of taxes actually abated. If the Applicant fails to substantially comply with more than one of the aforementioned categories, repayment shall be based on the highest level of noncompliance.

If at any time during the term of this Agreement, whether before or after the Commitment Date, the Applicant shall: (i) cease operations at the facility for which the tax abatement was granted; or (ii) announce the cessation of operations at such facility, then the City may, at its discretion, immediately terminate the Economic Revitalization Area designation and associated future tax abatement deductions.

In the event the City requires repayment of the tax abatement savings as provided hereunder, it shall provide Applicant with a written statement calculating the amount due (the "Statement"), and Applicant shall make such repayment to the City within 30 days of the date of the Statement. If the Applicant does not make timely repayment, the City shall be entitled to all reasonable costs and attorneys fees incurred in the enforcement and collection of the tax abatement savings required to be repaid hereunder.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date and year first above written.
