Subject: Re: Greetings

I am more than supportive of the possible use of this site for the new jail. If I can be part of moving us forward I stand ready to get to work.

Tis the season of " peace on earth and goodwill towards men [and women]" . That should also include the local City and County government officials.

The jail has become a very divisive issue. We need a new jail, that is a given. Most want it built near the present site. It appears that the Commissioners do not believe that is feasible. Their preferred site is the former IP property. We all know how many people are against that site. In the spirit of the season, if the new jail cannot be built at the present jail location, how about putting it at the former Stu's golf course site adjacent to the Waste Water Treatment Plant?

It would be an environmental clean site without much controversy and you could start site work in the Spring while plans and specs are being finished. This would make the judge happy and would make me very happy to quit hearing so much about the damn jail. [As it would all of you].

Lets come together and move on.

As always, if you have read all of this, thank you.

Bob
