CITY OF TERRE HAUTE  
PETITION FOR REAL PROPERTY  
TAX ABATEMENT CONSIDERATION

The undersigned proposed owner of real property located within the City of Terre Haute hereby petitions the Common Council of the City of Terre Haute for real property tax abatement consideration pursuant to I. C. 6-1.1-12.1-1, et seq. and for this petition states the following:

The properties have been vacant since the YMCA relocated in 2006. The owner intends to redevelop this building into a rental housing tax credit project.

2. The proposed construction project would include approximately forty (40) housing units. Thirty four (34) units would be located within the YMCA with an additional six (6) units in a newly constructed building on the vacant lot. The housing portion located within the YMCA would include approximately four (4) single bedroom units, nineteen (19) two-bedroom units, and eleven (11) three-bedroom units. Four of the units within the YMCA shall be ADA TYPE "A" Units. The housing portion within the new building would include six (3 bedroom townhouses. The project is projected to begin in August 1, 2019 and is anticipated to be completed in September 2020.

3. The proposed project is amenity-rich, yet affordable housing that is envisioned for the site would insure a well-planned, high-quality development that would serve as a catalyst for economic development in the surrounding Downtown area. The project is an important development for the City of Terre Haute as a means to better serve the needs of the residential community in the Downtown area and stop the deterioration of a building listed on the Indiana Landmark's list of most endangered.

The development of this property will be a significant economic catalyst for the continued developed of Terre Haute's Downtown and the revitalization of Poplar Street.

4. The project will require two (2) full time employees with an estimated payroll of \$36,000.00 plus certain benefits.

5. Estimate the dollar value of the redevelopment or rehabilitation project:

The estimated total project cost of the construction of YMCA and new building is approximately Five Million Three Hundred Twenty Four Thousand Five Hundred Sixty 00/100 (\$5,324,560.00).

The property is currently generating real property taxes and the new owner will continue to pay in the future at what is expected to be a substantial increase.

The overall nature of the residential facility and the operations of the new proposed project are stated above in Paragraph I.

7. The commonly known address of the Property is:

200 South Sixth Street  
Terre Haute IN 47807

A legal description of the land upon which the project would be built is attached hereto, marked Exhibit A and incorporated herein.

8. An Engineering Site Plan showing the entire tract and the proposed footprint of the proposed construction of the building and parking lots is attached hereto as Exhibit B and incorporated herein.

9. It is anticipated that the construction of the project will provide significant economic benefits to the neighborhood and the City of Terre Haute. These benefits include construction expenditure, annual economic impacts, job impacts, income impacts, and revenue impacts. These benefits are contingent upon the unique type of housing development that has been proposed, which will provided high-quality housing options for Terre Haute and will bring new activity into Downtown Terre Haute.

10. Petitioner is seeking a ten (10) year tax abatement that would provide that during each of the first nine (9) years after rehabilitation the tax would abate as follows: The best estimate of the amount of taxes to be abated during each of the nine (9) years after rehabilitation is:

The capital expenditure of the Project and the filing of such positions shall occur within three (3) years of the estimated completion date of August 2020, contained in the approved Statement of Benefits Form SB-1 (the "Commitment Date").

During the term of the abatement, the city may annually request information from the Applicant concerning the status of the Project, the approved capital expenditure for the Project, the number of full-time permanent positions created by the Project, and the average wage rates and salaries (excluding benefits and overtime) associated with the position, and the Applicant shall provide the City with adequate written evidence thereof within 15 days of such request (the "annual Survey"). The applicant shall provide a copy of the annual CF1 to the Board of Public Works and Safety at the same times the CF1 is filed with the County. The City shall utilize this information to verify that the Applicant has complied with the commitments contained in "the Commitments" at all times after the Commitment Date and during the duration of the abatement. The Applicant further agrees to provide the City with such additional information requested by the City related to the information provided in the Annual Survey and the CF1 form within a reasonable time following any such additional request.

The City, by and through the Council, reserves the right to terminate the Economic Revitalization Area designation and associated property tax abatement deductions if the Applicant has not made reasonable efforts to substantially comply with all the commitments, and the Applicant's failure to substantially comply with the Commitments was not due to factors beyond its control. As used in this Agreement, the factors beyond the control of the applicant shall only include factors not reasonably foreseeable at the time of the designation application and submission of the Statement of Benefits which are not caused by any negligent act or omission of

the Applicant and which materially and adversely affect the ability of the Applicant to substantially comply with this Agreement.

If the City terminates the Economic Revitalization Area designation and associated tax abatement deductions, it may require the Applicant to repay the City all or a portion of the tax abatement savings received through the date of such termination. The amount of tax abatement required to be repaid for each year of noncompliance shall not exceed an amount equal to the percentage by which the Applicant has failed to attain substantial compliance in position retention and/or creation and average hourly wage rate and salary categories multiplied by the dollar amount of taxes actually abated. If the Applicant fails to substantially comply with more than one of the aforementioned categories, repayment shall be based on the average level of noncompliance.

If any at time during the term of this Agreement, whether before or after the Commitment Date, the Applicant shall: (1) cease operations at the facility for which the tax abatement was granted; or (ii) announce the cessation of operations at such facility, then the City may immediately terminate the Economic Revitalization Area designation and associated future tax abatement deductions.

In the event the City requires repayment of the tax abatement savings as provided hereunder, it shall provide Applicant with a written statement calculating the amount due (the "Statement"), and Applicant shall make such repayment to the City within 90 days of the date of the Statement. If the Applicant does not make timely repayment, the City shall be entitled to all reasonable costs and attorney fees incurred in the enforcement and collection of the tax abatement savings required to be repaid hereunder.

A. State reasons why the project site qualifies as an Economic Revitalization Area as defined under State Law, i.e., lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings or other factors that have impaired values or prevent a normal development of property or use of property. In the case of manufacturing equipment, also indicate whether or not the area contains a facility or group of facilities that are technologically, economically, or energy obsolete and if the obsolescence may lead to a decline in employment and tax revenues:

The historic YMCA building clearly qualifies as an Economic Revitalization Area based on the 10 plus years that the property has been vacant and the deterioration of the improvements. The deterioration of the building is best evidenced by the Indiana Landmarks decision to list the property on their 10 most endangered list. The project will give the area a \$10M boost to the economy, while preserving a significant historic building that has played an important role in the lives of many of Terre Haute's residents.

B. State the estimated number of new full-time employees (if applicable) and new employees retained (if applicable). Also include salaries and a description of employee benefits:

Exhibit A

Number of new employees: 2 ; Average Annual Salary: \$36,000

Number of retained employees: n/a ; Average Annual Salary: n/a

Description of employee benefits for new and/or retained employees:

529 plan, Insurance, 401k, and employment training.

*C. Please attach completed State of Indiana Statement of Benefits form for real property improvements (Form SB – 1/ RE) and/or State of Indiana Statement of Benefits form for personal property improvements (Form SB – 1/ PP) to this application material.*

**Ineligible Projects**

Projects will not be considered if a building permit has already been obtained or construction has been initiated. This is because the decision of the Council to designate the Economic Revitalization Area must be passed on the finding that the area is “undesirable for normal development”.

The City Council has the right to void the tax abatement designation awarded to a project if the project has not been initiated within twelve (12) months of the reconfirmation date of the tax abatement resolution, or if the actual use is different than that approved.

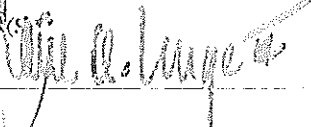

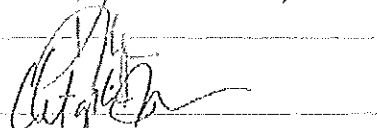

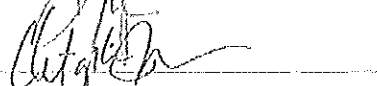

Tax abatement for the rehabilitation or development of real property is not eligible for the following types of facilities:

1. Private or commercial golf courses.
2. Country club.
3. Massage parlor.
4. Tennis club.
5. Skating facility (including roller skating, skateboarding or ice skating).
6. Racquet sport facility (including any handball or racquetball court).
7. Hot tub facility.
8. Suntan facility.
9. Racetrack.
10. Any facility the primary purpose of which is:
  - a. retail food and beverage service;
  - b. automobile sales or service; or
  - c. other retail
11. Residential.
12. A package liquor store that holds a liquor dealer's permit under IC 7.1-3-10 or any other entity that is required to operate under a license issued under IC 7.1. This subdivision does not apply to an applicant that:
  - (A) was eligible for tax abatement under this chapter before July 1, 1995;
  - (B) is described in IC 7.1-5-7-11; or
  - (C) operates a facility under:
    - (i) a beer wholesaler's permit under IC 7.1-3-3;
    - (ii) a liquor wholesaler's permit under IC 7.1-3-8; or
    - (iii) a wine wholesaler's permit under IC 7.1-3-13;

#### PROPERTY TAX ABATEMENT PROGRAM OVERVIEW AND GUIDELINE SCORING SYSTEM

##### Program Description

Property tax abatement in Indiana is authorized under Indiana Code 6-1.1-12.1 in the form of deductions from assessed valuation. Any property owner in a locally-designated Economic Revitalization Area (ERA) who makes improvements to the real property or installs eligible new or used personal property (such as manufacturing equipment and certain research and development equipment) is eligible for property tax abatement. Land does not qualify for abatement. .

##### Scoring System

The City of Terre Haute utilizes a scoring system as a guide for determining the appropriate length of time (one of ten time periods can be used) of the property tax abatement(s) being sought for a proposed project. Additional information on the scoring system can be found elsewhere in this document.

##### Indiana Real Property Assessment Standard

A property's assessed value is the basis for property taxes. Annually, local assessing officials assess the value of real property on March 1 based on market value in use of the property. Property owners can estimate the property taxes for new construction by adding the cost of the land and improvements together and multiplying by the tax rate. For real property tax abatement calculation purposes, the cost of the improvements (the land itself cannot be abated) would be utilized as the real property assessed value. This real property assessment value would then be phased-in over one of ten time periods.

##### Indiana Personal Property Assessment Standard

Personal property values are assessed March 1 of every year and are self reported by property owners to township assessors using prescribed state forms. Generally speaking, personal property taxes are levied against all tangible property other than real property. Numerous deductions can be applied to personal property. Of course, the value of personal property over time will be subject to depreciation, therefore, applicants are advised to seek the counsel of a financial advisor to determine which asset pool(s) (see following table) would be applicable to their particular project.

Additional information on the State of Indiana's property tax assessment system can be found at the Indiana Department of Local Government Finance website at [www.in.gov/dlgef](http://www.in.gov/dlgef).

### Real Property Abatement Calculation

Real property abatement is a declining percentage of the increase in assessed value of the improvement based on one of the ten following time periods and percentages as determined by the City Council:

Year	10 Year	9 Year	8 Year	7 Year	6 Year	5 Year	4 Year	3 Year	2 Year	1 Year

### Project Eligibility Criteria

Decisions to designate areas as Economic Revitalization Areas are determined by the City Council. The City Council utilizes a numerical scoring system as a guide for designating areas as Economic Revitalization Areas within the corporate limits of the City of Terre Haute. Each project is scored on its individual merits. The points system that is utilized to evaluate projects considers the degree of revitalization that the project will have on the surrounding area as well as other facts such as employment (created and/or retained), investment, utilization of local construction firms and labor and so forth.

The following projects will be considered by the Terre Haute City Council for property tax abatement. The real property guideline project scoring criteria can be found in the section entitled "City of Terre Haute Real Property Tax Abatement Guideline Scoring Criteria" on page 8. For projects seeking personal property tax abatement, the "City of Terre Haute Personal Property Tax Abatement Guideline Scoring Criteria" can be found on page 10.

**(A.) Manufacturing Project** -- Local manufacturing projects, local manufacturing-related office structures and local manufacturing-related warehouses that create or preserve employment within the city limits are eligible for property tax abatement. In the case of manufacturing facilities that directly produce product (as well as manufacturing related-warehouses), both real and depreciable personal property are eligible. In the case of manufacturing-related office structures, only real property is eligible for abatement. Also, certain research and development equipment may qualify for depreciable personal property tax abatement.

**(B.) Non-Manufacturing Warehouse and Distribution Center Projects** -- Warehouses and distribution centers not related to a local manufacturing facility may be eligible for both real and depreciable personal property tax abatement. To be eligible for property tax abatement, the facility must substantially serve markets beyond the Terre Haute metropolitan area.

**(C.) Office Space Development** -- Office space developments within the city limits are eligible for real property abatement provided the project substantially serves markets beyond the Terre Haute metropolitan area.

**(D.) Historic Preservation** -- Projects within the city limits that assist in the preservation of buildings of significant historical nature will be considered for real property abatement.
