Subject: FW: *Ext!* LIT Funds

I am forwarding this to you. Mr. Howard sent the email to me directly and I thought the council should receive a copy.

Sincerely,
Michelle L. Edwards

I read with interest the Tribune Star commentary on the surplus LIT funds. It is important that the council put these funds to good use on services such as mental health care, drug treatment and rehabilitation, and homelessness intervention and diversion programs, and not just more law enforcement and incarceration programs that do nothing to address the underlying issues in our community. What is the council's plans for these LIT funds?
