Hello,
I'm writing to ask that you consider spending our public safety money on services and resources that help the community, not increase the level of police and incarceration. We need a new approach to public safety, and it's clear that the police are not the answer. Many people in this community are in desperate need of mental health counseling, addiction services, and family services. Let's invest in our people!
Thank you,
Amanda Lubold - Terre Haute resident
