

FROM THE OFFICE OF THE MAYOR

Leaders from City Hall at the Frederick Douglass Statue Unveiling on February 14th, 2024.

Welcome to the monthly newsletter from The Office of the Mayor, curated by Mayor Brandon Sakbun himself. This newsletter will highlight upcoming city events, street closures, city project updates, public safety information, and whatever else Mayor Brandon thinks you all, the citizens, should be informed of.

"We have made strides in February. Some priorities for March are ARPA funding, infill housing, starting street paving projects, and conducting an internal audit on our 311 system. Progress is being made daily with the city administration and I cannot thank you enough for your support. As always, do not hesitate to reach out to me at Mayor@Terrehaute.in.gov."

-Mayor Brandon

TERRE HAUTE
2024
A TOTAL ECLIPSE OF THE HAUTE

**COUNTDOWN TO THE
SOLAR ECLIPSE**

The solar eclipse is
April 8th!

For more solar eclipse information and events click [Here](#).

It has been 819 years since the path of totality has swept across the Terre Haute area. Totality is a very

DEPARTMENT SPOTLIGHT

The Department of Parks & Recreation

**GOLF SEASON OFFICIALLY
STARTS TODAY!**

Call the pro shop for hours of operation, weather can affect tee time.

Rea Park

Rea Park is a 18 hole course featuring 6482 yards of golf from the longest tees for a par of 72. The course rating is 69.8 and it has a slope rating of 113. Rea Park opened for play in 1920. This course is a fun and

different viewing experience. A total solar eclipse is literally a night and day difference than a partial solar eclipse (which Terre Haute experienced in 2017).

[View the Terre Haute Police Department's PSA for eclipse.](#)

April's newsletter will have more 'week of' solar eclipse updates and public safety information. Follow our socials for frequent updates!

MARCH STREET CLOSURES

"Downtown Terre Haute continues to improve. Thank you to all of our small businesses for embracing Indiana State University and the success of their basketball program."

- Mayor Brandon

MONDAYS WITH THE MAYOR

EVERY OTHER MONDAY
AT 1 PM EST

"On the latest episode of *Monday's with the Mayor*, I travel to Scout's Pizzeria to talk to local business owner Scout Wrin. We discuss the importance of a strong downtown and its impact on the local economy.

The city planner, engineer, and myself are hard at work designing a downtown that draws both visitors and new residents. We enjoy our partnership with Downtown Terre Haute's Board and enjoy working with all the business owners downtown in design conversations.

We want Hoosiers and Hauteans alike to love our downtown and enjoy all of its amenities. We have increased our trash pick up in the area and street sweeping. We are working with several groups to continue to schedule downtown festivals and events. There is much work to do across our city not just downtown, but for now, enjoy this episode of fun conversation and of course pizza."

-Mayor Brandon

THE NEW RECYCLING LOCATION IS NOW OPEN!

CONTAMINATION WILL RESULT IN CLOSING RECYCLING SITES. DO THE RIGHT THING.

"I wanted to provide an update regarding our partnership with Vigo County Solid Waste Management.

In just one month;

- Our partnership led to a new recycling center. We will now pick up the dumpsters three times a week because of the increased usage of the center. Glass recycling is scheduled to begin in May 2024. A street sign is being made to direct traffic to the recycling center. Many citizens have expressed frustrations with the current bins that we have due to the lid being higher off the ground. To address this, we will be moving to a 30 yard dumpster with side panels. This makes it easier to drop items into the dumpster. So far we have had ZERO contaminated items dropped in our recycling center. That is a true testament to the communities efforts to safely recycle and work with the city.
- We added two containers for e-waste and tires at the Street Department. While these are not open to the public currently, they are allowing us to centralize the drop off point for these items. This is already helping our operational costs in terms of gas and labor. By having a central drop off point for the Street Department and Code Enforcement, we no longer have to drive to Vigo County Solid Waste Management multiple times a day.
- Our Street Department cleared several city properties from brush and trash. The Vigo County Solid Waste Management team provided a dumpster for clean up and covered costs associated with drop off and pick up.

- We scheduled our community clean up for April 13th and decided to have 4 drop off locations (Woodrow Wilson, Sarah Scott, Otter Creek, and the old Police Department). This is a collaboration between the School Corporation, Vigo County Solid Waste Management, and the City (more information next month).

Our next challenge will be looking into our 311 system and finding solutions to large item pick up. We continue to work towards a cleaner Terre Haute."

-Mayor Brandon
